October
2026

LIHEAP

The Low-Income Home Energy Assistance Program

Applications are accepted
November 1 - April 30

When can I apply?

- **Elderly (60 & over) and/or disabled:**
October 1, 2026 to April 30, 2027
- **All other households:**
November 1, 2026 to April 30, 2027

What to Provide:

- **Proof of Income** (for all household members age 18 and over)

Depending upon your household income type, income documentation from the past 30 days, the last 12 months, or last calendar year, whichever is easier or more beneficial for you.

- **Proof of Social Security Numbers for all household members** (documentation required)
- **Most recent heat & electric bills**

Income Maximums

Household Size	Annual Gross Income
1	$31,920
2	$43,280
3	$54,640
4	$66,000
5	$77,360
6	$88,720
7	$100,080
8	$111,440

For households with more than eight members, add $11,360 for each additional member.

Wage Earners:
Please provide copies of your check stubs for the 30-day period preceding the date of application, or a copy of your most recent federal income tax return.

Fixed Income:
This income may include Social Security Benefits, Supplemental Security Income, Veteran's Assistance and pensions. Please provide copies of your check stubs from the previous 30 days.

Self-Employed/Farmers:
Please provide a copy of your most recent federal income tax return.
Note - Additional countable income and/or income verification not listed above may be required for eligibility determination.

Grease Fire Safety

Preventing Grease Fires

Stay in the kitchen. Never leave hot oil or frying pans unattended, even for a quick minute.

Watch the heat. If oil starts to smoke or smell, lower the heat immediately—that's its warning sign before catching fire.

Keep it clear. Store pot holders, paper towels, and wooden utensils away from the stovetop.

If a Grease Fire Starts

NEVER use water. Pouring water on burning grease causes a massive flare-up.

Smother the flames. Slide a metal lid or baking sheet over the pan and turn off the burner. Leave it covered until completely cool.

Use baking soda, not flour. Flour is flammable. Baking soda can help smother small, contained flare-ups.

When in doubt, get out. If the fire spreads or fills the kitchen with heavy smoke, close the door behind you and call 911 immediately.

GO GREEN! by switching to electronic billing.

Save $1.25 on every bill
